

CSS Session I

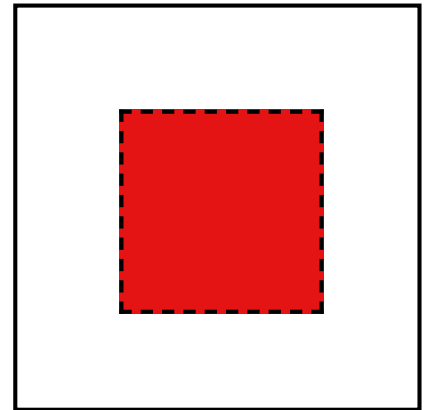

Reproduce the following patterns using HTML and CSS.
Use allowed tags and take advantage of given clues.
Technical constraints are an integral part of the exercise !

Hint >>>

Use the [W3C validator](#) to ensure the quality of your code !

Iteration 1 - Red target

- A 200 * 200 px box containing a 100 * 100 px target.
- Allowed tags: div
- Techniques: border, box-sizing, padding
